Can you assist me in answering some of these questions?

Thanks.

Good afternoon, Austin!

You are aware that the U.S. Environmental Protection Agency proposes to add the Wilcox Oil Co. site in Creek County to the National Priorities List of Superfund sites.

9613002

I am working on an article for today ...and had a few questions...

I understand that currently there is a 60-day comment period. You know when that ends?

What next?

When is a contractor selected to perform the work? Is that a bidding process?

The work will consist of .... Scraping soil away and hauling it to \_\_\_\_ where?

How many inches down? Where does the soil come to replace what is removed?

The whole process takes a decade?

**Anything you like to add?**

**Thank you,**

---
